- If the head teacher is not able to come to a resolution in a reasonable time duration agreed with the student, the student will proceed to stage two of the process.

Stage Two

- Student will fill out the complaint form which has been provided to the student during the orientation day, and present this to the main office.
- The main office will ensure that the complainant is notified of the decision, in writing, with the Director’s response.
Actions Taken to Resolve the Complaint

▪ The school will establish the difference between a concern and a complaint. Taking informal concerns seriously at the earliest stage may prevent the issue from worsening.

▪ The formal procedures will need to be invoked when initial attempts to resolve the issue are unsuccessful and the person raising the concern remains dissatisfied and wishes to take the matter further.

▪ The school will encourage resolution of problems by informal means wherever possible.

▪ The school will establish time-limits for action and keep involved parties informed of the progress.

▪ The school will respect confidentiality at all times.

▪ The school will address all the points at issue and provide an effective response and appropriate redress where necessary.

WHAT ARE MY OPTIONS FOR MEDICAL INSURANCE?

- Students who will be studying in Canada for less than 12 months must purchase a private health insurance plan through an insurance company or agent in your home country or Canada. Medical insurers in Canada are authorized to provide this service to those who apply within 5 days of arriving in Canada. If you have been in Canada for more than 5 days, contact Broker Advantage at 1-877-294-1810.

- We do not recommend a particular plan or agent. We advise you to talk with 2 or 3 insurance agents and compare prices and services before making a decision on which plan to buy.

I have purchased a private health plan. How do I pay for my medical expenses?

- When you have a private health plan you are expected to pay for medical costs yourself. It is your responsibility to submit receipts to your private insurance company in order to be reimbursed.

- If you have any questions about medical insurance, speak with an international student advisor.
MEDICAL INSURANCE FOR INTERNATIONAL STUDENTS

In some countries, you are covered for medical or dental treatment without any cost. You go to a doctor, dentist or hospital and you receive treatment at no cost. This is NOT the case in Canada.

Why do I need to apply for medical insurance?

- All international students need to have adequate insurance to cover any medical care or accidents while they are in Canada. If students do not have an insurance plan, they are responsible for paying all costs for medical treatment. A visit to a doctor may cost $150-$250 or more, and a hospital stay can cost more than $2,000 per day. Students with no medical insurance have to pay the entire bill for these medical services.

- In Alberta, you apply for Alberta Health Care Insurance Plan (AHCIP) http://www.health.alberta.ca/health-care-insurance-plan.html to cover specific medical expenses. It is free.

- Download AHCIP Application Form: http://www.health.alberta.ca/AHCIP/forms.html
